

SUMMARY GRANT APPLICATION INSTRUCTIONS

The Summary Grant Application has been created to facilitate the review and consideration of all grant requests by the staff and Trustees of the Hatton W. Sumners Foundation. Its use is mandatory beginning January 1, 2005.

The Summary Grant Application is presented as a PDF file and may be completed on your computer using Acrobat Reader 5.0 or higher. Simply place the cursor on each blank, click, and fill in the information. Please note that the form automatically adjusts the type size to accommodate all of the text. The type size also adjusts in the text boxes, but the total number of characters is limited.

Should you wish, you may print the 2-page document and complete it on a typewriter. All answers must fit within the space provided.

- 1 Based upon the requirements of the Foundation's published Statement of Purpose and Grant Guidelines, complete your detailed grant application.
- 2 Based upon your detailed grant application, complete all parts of the Summary Grant Application.
- 3 If your detailed grant application contains multiple requests, complete a Summary Grant Application for each.
- 4 If you are requesting a Challenge Grant, read the Foundation's requirements for challenges and check the appropriate box on the Summary Grant Application.
- 5 Foundation grants are approved in the fall of each year and, unless otherwise specified, are to be expended in the following calendar year. Grants to educational institutions are generally expected to be expended during the following academic year. If you are requesting a multi-year grant, please make the appropriate distinction between calendar and academic years.
- 6 The Summary Grant Application must be signed by an officer of the applicant organization authorized to make grant requests.
- 7 The Foundation requires two copies, one unbound, of your detailed grant application. Once the Summary Grant Application is completed, attach a signed original to each detailed grant application.

Note: An incomplete Summary Grant Application will invalidate the detailed grant application. The Foundation does not accept Summary Grant Applications or detailed grant applications submitted by e-mail or facsimile transmission.
